

GEL FOR THE EYELIDS

This special eye care helps to treat swollen eyelids, calms irritation, revitalize and restore its suppleness and elasticity and keep wrinkles and fine lines at bay.

Ref. C106 - 15ml airless pump

RECOMMENDED for

Suitable for all eyes, especially fatigue, fine lines, swollen and eye dark circle.

INGREDIENTS & BENEFITS

GINSENG

Stimulates the cellular function of the dermis and epidermis.

CENTELLA ASIATICA

Restructures the network of collagen and elastic fibers by acting upon their production-degradation cycle.

GLYCYRRHETINIC ACID

Active principle of licorice, anti-inflammatory, anti-bacterial inhibits intercellular gap-junctional communication that encourages melanin synthesis.

APPLICATION

Morning before base cream. Can be applied with light strokes on top of the make-up. Night under the night cream. Use with Lotion For The Eyes for a better result.
