

OKANA RADIANCE COMPLEXION

The Okana Radiance Complexion meets an expectation that has become major for the consumer: the brightness. To recover a fresh and bright complexion characteristic of the young skins, the OKANA formula addresses 3 major skin disorders; **Wrinkles – Brown Spots – Redness**. Over time, these markers undermine skin's radiance and uniformity, the skin loses its capacity to catch and reflect the light.

Specialist of the plant-based therapy and the botany, the laboratory Carole Franck has showed interest in the benefits of marine plants and drew in the depths of the oceans 3 types of brown seaweeds which compose the Radiance Complexion formula for a triple beauty action.

Ref. C156 - 50ml airless pump

RECOMMENDED for

Suitable for all ages – all skin types.

INGREDIENTS & BENEFITS

ANTI-AGING ACTION

The extract of Kombu (brown seaweed), rich in polyphenols and minerals rejuvenates and protects the cutaneous "grown-up stem cells" to prolong the youth of the tissues. It boosts the synthesis of the collagen and revitalizes tissues. Strengthens by the presence of an extract of Lemon with a smoothing power, it reduces the depth of wrinkles and smoothes the cutaneous micro-relief to better catch the light.

CLEARING & LIGHTENING ACTION

The extract of Stargazer Lily associated with the extract of Sea Fern, act in synergy to inhibit the melanogenesis and reduce the quantity of melanin present in the skin. Thus the complexion is more homogeneous, clearer, the brown spots are toned down.

SOOTHING & SOFTENING ACTION

Red Vine, Licorice, recognized for their anti-inflammatory and soothing properties improve the blood circulation, shade off redness and deliver an instant sense of well-being. Shea Butter and Babassu Butter bring softness and comfort to the skin.

OKANA RADIANCE COMPLEXION

TEXTURE

A texture enriched with natural light-reflecting pearlescent particles which illuminate, play with the light beams and rub out the imperfections by blurring the skin surface. Quickly absorbed, the texture allows the make-up immediately after the application.

RESULT

After several applications, the skin surface becomes more regular, smoother, the complexion is more homogeneous and clearer. From the first applications, the skin adorns itself with a new brightness and gradually regains its original capacity to reflect the light. The skin looks younger.

Complete Satisfaction:

100* The face complexion is more radiant & bright. The skin is smoother and the sense of well-being is complete.

After one month's use:

The complexion is even : 95.5%*

The skin is soothed : 90.9%*

Lines and wrinkles are smoothed out : 100%*

*Use test under dermatological control performed on 22 women through one application per day for 29 days.

The Carole Franck laboratory went to the heart of the oceans to draw the main plant extracts that make up the Okana Radiance Complexion formula.

APPLICATION

Apply daily to bare skin, alone or along with your usual skin treatment.
