

# Put an end to signs of skin ageing - start up your life!

Put an end to signs of skin ageing - start up your life!

INTENSIVE and FLUID are highly concentrated drug safes to compensate for deficits in the skin care and to stimulate tired functions of the skin.

It offers real powerhouses of beauty care - whether in a practical, well-dosed airless dispenser, or in the portioned ampoule. For every problem there is a beauty spot and thus a solution. A regular application is as a beauty treatment for your skin. You will see and feel the changes!

INTENSIVE / FLUID - the first step to long-term success.

High concentrated actives for daily application and long term results.

# N°2 MOISTURIZING SERUM/HYDRO FLUID

**REF**: 320 (R) **PRESENTATION**: 20ml airless dispenser

320.2 (R) 2ml ampoule 320.1 (C) 50ml pump bottle

The INTENSIVE Serum N°2 helps to conserve moisture in the epidermis and leaves the skin feeling soft and smooth. The appearance of dry, chapped and therefore inflammation-prone skin with a tendency to hypersensitivity is the result of a lack of the water binding ability of corneocytes. The active agents of the serum N°2 increase the water binding ability and thanks to membrane lipids which contain ceramide the barrier function is restored. The hyaluronic acid improves a long lasting effect.

### **RECOMMENDED FOR:**

All consumers, regardless of skin condition, concerned with dehydration or lack of radiance and/or comfort.

## **CHARACTERISTIC:**

Hydrating and softening.

# **INGREDIENTS & BENEFITS:**

#### **Phospholipids**

Phospholipids are Liposomes that act to repair lipid barrier of dry skin, increase water absorption and prevent its rapid loss by forming a hydrating film. The product supplies dry and chapped skin with structural elements and helps to build up the lipid barrier of the horny layer of the epidermis.

#### Sphingolipids

Sphingolipids are considered "communicators" between upper layer and sub layers of dermis. It enhances skin's lipid barrier that results are more protected and in the end healthier skin. It has the ability to protect the skin from dryness and helps maintain skin barrier homeostasis.

#### Hyaluronic Acid

A naturally occurring polysaccharide, acts as a "molecular sponge" trapping and holding water up to a thousand times its own weight and supports collagen fibers and structural proteins to keep skin plump and youthful.

# N°2 MOISTURIZING SERUM/HYDRO FLUID

### Vitamin E

Vitamin E helps prevent the appearance of age spots and maintains the skin's oil balance. It also helps strengthen skin barrier function by acting as a skin conditioning agent and preventing transdermal water loss.

# **APPLICATION:**

Apply locally or to the whole face underneath day or night care. As a cure, apply twice a day over 4-6 weeks. Perfectly suitable for the eye area.

# N°4 VITALIZING SERUM/VITAL FLUID

**REF**: 340 (R) **PRESENTATION**: 20ml airless dispenser

340.2 (R) 2ml ampoule 340.1 (C) 50ml pump bottle

Plant-derived active agent concentrate based on proteins without fats that smoothes out fine line. Fat free firming complex to tighten the contours, especially those of the eye area! It stimulates the cellular metabolism and improves the condition of the stressed or mature skin. Because of the impact on the oxygen consumption of corneocytes, these textures are often presented as oxygen cosmetics. It counteracts premature skin aging as well as intensive skin damage due to environmental influences. The skin preserves its natural barrier function and its elasticity.

# **RECOMMENDED FOR:**

For all skin types.

## **CHARACTERISTIC:**

Hydrating and revitalizing.

# **INGREDIENTS & BENEFITS:**

#### Hydrolyzed Sov Protein

Comprised of various essential amino acids, which are vital to promote protein synthesis, and increase elasticity and moisture retention.

#### Hydrolyzed Wheat Protein

Alleviates roughness and uneven patchy skin; assists in boosting the production of collagen; rich in vitamins E, A and D, lecithin and squalane which promotes antioxidant actions while also normalizing the lipid barrier.

### **APPLICATION:**

After cleansing, apply every morning and evening a few drops to the face, neck and eye area. Then apply day or night cream.

# N°5 HYPO-SENSITIVE SERUM/SENSITIVE FLUID

**REF**: 350 (R) **PRESENTATION**: 20ml airless dispenser

350.2 (R) 2ml ampoule 350.1 (C) 50ml pump bottle

Special product for stressed and very sensitive skin. The serum helps to sooth and hydrate the epidermis layer, counteracts premature skin aging and protects the skin against environmental influences. Stressed skin tends to hypersensitivity and it also has a tendency to premature aging. That is why the combination of balancing and anti-inflammatory characteristics of calendula and the regeneration activity of the DNA-extract is an effective counteragent. Reddening and spots are reduced, the skin is soothed and normalised.

# **RECOMMENDED FOR:**

For delicate and sensitive skin.

## **CHARACTERISTIC:**

Soothing and moisturizing.

# **INGREDIENTS & BENEFITS:**

#### Marine DNA (Deoxyribonucleic Acid)

Marine DNA is a deoxyribonucleic acid. DNA is a natural substance that exists in every cell of our body. It is in the center of each cell. This center is in charge of the whole cell as well as its renewal and regeneration. Marine DNA has been selected from wild salmon roe with the help of the latest technology that respects natural substances by keeping it vital. More effective than glycerin or collagen. Marine DNA's benefits are:

- Cell regeneration
- Protection of cell from free radicals
- Cellular hydration
- Protection of superficial cell against ultraviolet rays
- General well-being

#### Calendula Extract

Calendula is a powerfully effective plant extract that has a deserved reputation for helping to protect and restore damaged skin. Soothing, antiseptic, healing and calming, this herb can help reduce skin blemishes and sun burn. Traditionally, calendula extract was used to heal skin rashes and cleanse wounds after washing.

# **APPLICATION:**

Apply every morning and evening a few drops underneath the particular care.

# N°6 ANTI-REDNESS SERUM/COUPEROSE FLUID

**REF:** 360 (R) **PRESENTATION:** 20ml airless dispenser

360.2 (R) 2ml ampoule

Special concentrate against reddened skin and weak vessels. When regularly applied, it avoids venous stasis and counteracts the manifestation of teleangiectasis. Together with a good supply of minerals and trace elements, a soft augmentation of the blood circulation leads to a profound restructuring and invigoration of the capillary system.

#### **RECOMMENDED FOR:**

For delicate and sensitive skin which prone to flare-ups and irritation, including problematic skin.

# **CHARACTERISTIC:**

Soothing and acting against redness.

# **INGREDIENTS & BENEFITS:**

# Arnica Montana Flower Extract

It favors the elimination and diffusion of surplus extra-cellular fluids. Has anti-allergic, soothing, decongesting and scar healing properties.

#### Brown Algae Extract (Pelvetia Canaliculata Extract)

Pelvetia canaliculata is endemic to the European Atlantic Ocean where it is commonly found in abundance on the rocky shores, farthest up in the eulittoral zone. This alga is remarkable in its high resistance to stress against drying. It contains amino-acids, minerals and small molecules such as peptides and sugars but no polysaccharide. Benefits:

- It shows efficient genoprotection. It also inhibits elastase that mediates connective tissue destruction. Therefore it delivers protection against DNA deterioration and skin aging acceleration.
- Thanks to its strong tyrosinase inhibition activity, it is valuable as an effective skin brightener. It is recommended to lighten the skin and to treat pigmented brown spots.
- By restricting the generation of inflammatory mediators, it prevents skin irritation and discomfort.

# N°6 ANTI-REDNESS SERUM/COUPEROSE FLUID

# Vitamin P (Rutin)

Rutin is a bioflavonoid found abundantly in citrus fruits and it is believed to be an antioxidant. It has protective action on the vascular endothelium. As rutin, has anti-inflammatory action, reducing capillary permeability and increasing muscular resistance, the circulatory debit and vascular neogenesis.

### Vitamin E

Vitamin E helps prevent the appearance of age spots and maintains the skin's oil balance. It also helps strengthen skin barrier function by acting as a skin conditioning agent and preventing transdermal water loss.

### Sunflower Seed Oil

Sunflowers seeds yield a lightweight soothing and replenishing oil rich in unsaturated linoleic and oleic fatty acids and tocopherols and minerals. It has the properties of antioxidant and can retain moisture in the skin. It may also provide a protective barrier that resists UV damage.

# **APPLICATION:**

Apply a few drops as often as needed to problem areas and massage very lightly. As cure treatment (twice to thrice a year) apply to the affected area.

# N°7 DÉCOLLETÉ FIRMING SERUM/DÉCOLLETÉ FLUID

**REF:** 370 (R) **PRESENTATION**: 20ml airless dispenser

370.2 (R) 2ml ampoule 370.1 (C) 50ml pump bottle

Special serum for the contours of neck, décolleté and busts. Due to its chosen active agents, this fluid has a toning, soothing and relaxing effect and counteracts premature skin aging. The skin is becoming visibly firmer and unpleasant fine lines of the neck area are minimized.

### **RECOMMENDED FOR:**

For neck and chin area. Ideal for skin that lacks tone.

# **CHARACTERISTIC:**

Smoothing, hydrating and firming.

# **INGREDIENTS & BENEFITS:**

# **Hops Extract**

Hops extract for skin contains xanthohumol, which has been found to inhibit the enzymes in the skin known to cause skin aging. These enzymes break down collagen and elastin fibers in the skin, but when xanthohumol decrease the enzymes, the collagen and elastin levels go up and this can improve skin structure overall.

#### Hydrolyzed Wheat Protein

Alleviates roughness and uneven patchy skin; assists in boosting the production of collagen; rich in vitamins E, A and D, lecithin and squalane which promotes antioxidant actions while also normalizing the lipid barrier.

#### Vitamin E

Vitamin E helps prevent the appearance of age spots and maintains the skin's oil balance. It also helps strengthen skin barrier function by acting as a skin conditioning agent and preventing transdermal water loss.

# **APPLICATION:**

Apply the fluid every morning and evening and gently work in by using upward strokes, starting at the base of throat and moving to the chin.
