

# LONG LASTING LIFTING MASK

Botox Effect Mask

REF: 1.12530 (R) PRESENTATION: 50ml tube

4.12530 (C) 200ml tube

Exclusive and especially extensive cream mask, with a long-lasting lifting effect and a lasting regeneration of the skin. Lecithin and Squalane have a strong affinity to the lipid bilayer of the skin barrier (Derma Membrane Structure), are able to repair defect skin areas and thus help regulating the transepidermal water loss. Additionally, this protects the skin from the entry of impurities while boosting the skin's natural regeneration at the same time. A combination of high-tech actives and marshmallow extract stimulates the collagen and elastin synthesis, strengthens the connective tissue and reduces the endogenous catabolism of hyaluronic acid. In addition, small state-of-the-art active particles penetrate the skin and increase the water retention by storing moisture like a sponge and thus replumping wrinkles from within.

#### **RECOMMENDED FOR:**

Suitable for dry, mature skin, loss of density and vitality & skin slackening.

#### **INGREDIENTS & BENEFITS:**

### Squalane

Derived from olives, is one of the most powerful moisturizer. It assists in new cell regeneration while reducing the appearance of wrinkles. Mimics the lipid content of skin and helps support the skin barrier and is skin's first line of defense against water loss.

#### Apricot Kernel Oil

Rich in minerals, protein and various vitamins, as an excellent softening and moisturizing properties. It helps to calm the inflammation / irritation of eczema and dermatitis and promote cell renewal, retain skin's elasticity, clarity, and suppleness.

#### Hyaluronic Filling Spheres®

Hyaluronic microspheres that smoothing deep wrinkles. Dehydrated for a better penetration, they are "micro-injected" into the skin and swell up with water. Wrinkles are filled in very quickly thanks to the volume increase. Also provide long-lasting hydration thanks to a micro-reservoir effect.

### Shea Butter

Enhance the skin's moisturizing ability, moisture the keratinocytes of the damaged skin.

Botox Effect Mask

#### Silanole

Cell stimulation as well as for stimulation of collagen and elastin synthesis.

#### Beaulift Soft Peptide (Argireline®)

This hexapeptide is an active substance, a pioneer in advanced, which is absolutely safe alternative to botulinum toxin (Botox), which is used in cosmetics for skin care, for a quick and visible reduction of wrinkles. Expression wrinkles are prevented by removing temporary muscle contractions. An action that can be locally controlled and always reversible. From a scientific point of view: The acetylcholine molecule (transmitter) is located in vesicles between nerve cells and serves as liaison to transmit impulses nervous muscle. When the fusion of vesicles with the cell membrane acetylcholine is prevented, the muscles are not stimulated. Beaulift Soft Peptide thwarts and prevents fusion of the membrane. The process is completely reversible and as soon as the peptide is no longer used the membrane fusion occurs normally.

#### Marshmallow ECO®

Its emollient functions have a soothing, calming effect on the skin, assisting in the healing of skin inflammations. ECOCERT® certified Marshmallow-ECO's inhibitory effects on the hyaluronic acid degradation result in the maintenance of moisture levels. Marshmallow-filled spheres potentiate the effects of hyaluronic acid (Hyaluronic Filling Spheres). Slow decomposition matrix substance and hyaluronic acid, thus strengthening connective tissue.

#### Vegetable Oils

It maximizes the skins hydration levels and combats signs of aging. It is nourishing and revitalizing.

#### **PROPERTIES:**

- Anti-age
- Skin repair
- Restructuring and replumping with a long lasting effect

## **APPLICATION:**

Apply 1 – 2 times a week on face, neck and décolleté and leave on for 15 minutes. Rinse the remains or take off with a dry tissue. Alternatively, massage in till complete absorption and leave on overnight.

#### **BEAUTY SPA:**

Especially recommended in combination with a BEAULIFT anti-age treatment.
