

ESSENCE MIRACLE COMPLEX VITAMINEE

REF: 1.11600 (R) **PRESENTATION:** 15ml exclusive pump dispenser
4.11600 (C) 30ml glass bottle with dropper

Moisturizing – Valuable multivitamin cocktail in a silky texture for vitalizing and smoothing, as well as to protect the dehydrated skin. A biotechnology-derived ingredient provides skin smoothing. The hyaluron-like structure moisturizers profound and on the surface and improves the smoothness and resilience of the skin.

Due to the stimulation of the hyaluronic acid synthesis; the activity keeps obtained and grace to that the hydration and viscoelasticity is improved. Additionally, it supports the elastin synthesis, has an antioxidant effect is moisturizing and protective.

RECOMMENDED FOR:

Recommended for all ages and all skin types Ideal for customers who are concerned with dehydrated and oxidative stressed skin that is dull and lacking in energy and radiance.

INGREDIENTS & BENEFITS:

Optim Hyal™ (Sustaining a young and optimal hyaluronic acid renewal)

- A biotechnological agent which to stimulate hyaluronic acid neosynthesis and sustain its turnover.
- It restores the optimal level of hyaluronic acid in the skin to make it smooth, moisturized and supple as young skin.
- This active contains Glycokines™, specific signaling oligosaccharides that structurally and functionally mimic the hyaluronic fragments found in the skin.
- These Glycokines™ have been demonstrated to stimulate the hyaluronic acid synthesis on both keratinocytes (+40%*) and fibroblasts (+35%*) for a visible improvement in skin smoothness (main wrinkle density: -46% up to -96%*), moisture and suppleness in just one month.

Dermahyal® Vita Plus Factor

The combination of hyaluronic acid and Vitamin B1, B2, B3, B5, B6, B7, B8, B9 & B12. Moisturizing, anti-inflammatory, anti-oxidant and reduces microorganisms.
