PLUMPING Innovative active agent concentrate with a special sea fern extract (extractum filicis) for a visible plumping effect as well as more volume for the skin. Natural cranberry seed oil and vitamin E guarantee a velvety-soft skin feeling.

RECOMMENDED FOR:

For all skin type, perfect for mouth, eye and the décolleté, the arms and hands as well.

Ingredients & Benefits:

Vaccinium Macrocarpon (Cranberry) Seed Oil

Is a wonderful antioxidant and moisturizer. The oil penetrates the skin easily leaving a light, non-greasy feel. In addition to being high in antioxidant, Cranberry Seed Oil contains high concentrations of tocotrienol, an active form of Vitamin E that is effective in protecting the skin from sun damage. The only carried oil that has a natural ratio of Omega 6 (linoleic), Omega 3 (alpha-linolenic), and Omega 9 (oleic) fatty acids, this combination of nutrients in Cranberry Seed Oil helps moisturizer the skin, reduce inflammation and bolster collagen and elastin fibers.

Dictyopteris Oil (Caprylic & Dictyopteris Membranacea Extract)

Also known as sea fern in France, is a brown alga from European Atlantic coast line, belonging to the Dictyotaceae family. Because of natural, massive bio ferment active in its content, the algae oil stimulates the lipidic nutrition and increases volume, is proven to offer lip plumping / replumping effects.

Helianthus Annuus (Sunflower) Seed Oil

Has the ability to help repair skin's barrier and reduce inflammation. It's a rich source of fatty acids, include linoleic acid, and is excellent for dry skin.

Tocopherol

Vitamin E, a fat-soluble vitamin is a naturally occurring antioxidant. Reducing the formation of free radicals upon skin exposure to the sun rays and other sources of skin stress.
