

EDITH ABSOLUTE CREAM

Very Rich 24Hour Anti-Age Cream

REF: 1.00120 (R) **PRESENTATION:** 50ml precious jar

This is a high-carat, much enriched 24 hours Anti-Age care which donates a special sensuous nurturing experience to the skin. A sophisticated active agent cocktail with highly effective flower fresh cells, several peptides and an essence from grounded pearls stimulates the natural skin function for a vital appearance. The microcirculation stimulates and improves the skin function and minimizes the reduction of the due to age elastin reduction, more elasticity and tone is significant.

The Edith Absolute Cream donates the skin a sensational, noticeable and visible "lifting effect" for perfect moments of magic beauty.

RECOMMENDED FOR:

All skin types - all women who are simply worth it to herself always to grant the best of the best to her skin.

Ingredients & Benefits:

Ceraparts® AA (First Launch by IL)

Novel active agent system which is free of emulsifier and itself an active agent and an improvement of the emulsion performance. Protection of the omega ceramides and develops a mono particular film. Protection, against external noxas, stable within the emulsion matrix. It contains a lipoamino acid (Survicode®) which increases the longevity of the fibroblasts, improves the cell communication and protects the cellular resistance.

* SOPI Plus

Like all lipid Nano particles the Ceraparts® follow, by topical application, the SOPI (Stabilization, Occlusion, Protection, and Integrity) concept. The active mechanisms are based on developing mono particular film and the high integrity of the particle within the emulsion matrix. The plus is induced by the compound of the particle matrix.

Sodium Cocoyl Alaninate

Increase in cell communication, cell division rate of the keratinocytes is stimulated and strengthened the immunological defense.

Palmitoyl Glycine

Inflammation can be reduced, the microcirculation is increased; gene expression of the extracellular matrix (ECM) is increased.

EDITH ABSOLUTE CREAM

Very Rich 24Hour Anti-Age Cream

Fresh Flowers-Cell Extracts (Exclusive bouquet for IL)

Rose of Damascus: Symbol of beauty, freedom and renewal

Arabian Jasmine: Flower of Love

Blue Iris: Messenger of the gods

Intensive anti-aging effect. Increase in collagen synthesis and stimulation of cell activity and improves the cell respiration.

Serilesine®

Synthetic peptides for the stabilization of the dermal junction area, increase of the genetic expression of collagen I.

Relistase® (First Launch by IL)

Synthetic peptide for the inhibition of the elastase activity and for the increase of the genetic expression of ECM.

Collageneer®

Lupine seed essence. Increases the collagen and HSP expression.

Botrytis Ferment From The Sauternes Wine (Exclusive For IL)

Golden colored, lifting bio ferment, from a French grape variety (Sauternes). Double effect: Restructuring properties due to the increase of the collagens III-expression and improvement of the skin defensive forces by activation the anti-microbial acting Peptide LL 37 (pro-biotical mechanism).

Pearl Essence® (Conchiolin)

Increases the micro circulation and cell renewal. Improves the elasticity and moisture.

Perfume Oil Excellence

An exclusive Creation for L'ÂGE D'OR created by a perfumer in Paris.
