

ISABELLE TIMELESS ELIXIR

Luxury Anti-Age Serum

REF: 1.00445 (R) **PRESENTATION:** 20ml airless dispenser

This is an ultimate anti-age serum of the superlative and crowns the care line with a maximum in efficacy. An especially high concentration of the active agent potpourri from finely harmonized, selected flower living cells, pearl essence, peptides and a lifting bio ferment of a French grape variety Sauternes provide a lasting nurturing experience. The combination with the suitable day and night cream completes this lifestyle care with pleasure factor. The skin experiences a profound, long lasting stimulation and repair with a remarkable effect.

Isabelle Timeless Elixir is like a gentle touch of the skin and the keys for an admirable, youthful beauty.

RECOMMENDED FOR:

All skin types - all women who are simply worth it to herself always to grant the best of the best to her skin.

Ingredients & Benefits:

Ceraparts® AA (First Launch by IL)

World premiere in IL, new emulsifier-free drug delivery system, improving performance of the emulsion, protection against external noxious agents, increases the longevity of fibroblasts, improves communication between cells and protects the cellular defense.

* SOPI Plus

Like all lipid Nano particles the Ceraparts® follow, by topical application, the SOPI (Stabilization, Occlusion, Protection, and Integrity) concept. The active mechanisms are based on developing mono particular film and the high integrity of the particle within the emulsion matrix. The plus is induced by the compound of the particle matrix.

Sodium Cocoyl Alaninate

Increase in cell communication, cell division rate of the keratinocytes is stimulated and strengthened the immunological defense.

Palmitoyl Glycine

Inflammation can be reduced, the microcirculation is increased; gene expression of the extracellular matrix (ECM) is increased.

ISABELLE TIMELESS ELIXIR

Luxury Anti-Age Serum

Fresh Flowers-Cell Extracts (Exclusive bouquet for IL)

Rose of Damascus: Symbol of beauty, freedom and renewal

Arabian Jasmine: Flower of Love

Blue Iris: Messenger of the gods

Intensive anti-aging effect. Increase in collagen synthesis and stimulation of cell activity and improves the cell respiration.

Tens Up®

Chicory extract (Oligosaccharide) - immediate and lasting firming and moisturizing like Cinderella effect.

Serilesine®

Synthetic peptides for the stabilization of the dermal junction area, increase of the genetic expression of collagen I.

Relistase® (First Launch by IL)

Synthetic peptide for the inhibition of the elastase activity and for the increase of the genetic expression of ECM.

Botrytis Ferment From The Sauternes Wine (Exclusive For IL)

Golden colored, lifting bio ferment, from a French grape variety (Sauternes). Double effect: Restructuring properties due to the increase of the collagens III-expression and improvement of the skin defensive forces by activation the anti-microbial acting Peptide LL 37 (pro-biotical mechanism).

Pearl Essence® (Conchiolin)

Increases the micro circulation and cell renewal. Improves the elasticity and moisture.

Perfume Oil Excellence

An exclusive Creation for L'ÂGE D'OR created by a perfumer in Paris.
