FIRMING NECK CARE

Neck Décolleté Cream

Cellactive®-Form

Cellactive®-Form is a plant-based complex of active ingredients supporting the natural process of lipid deposition lending fullness to the bust. The complex of active ingredients has been developed and tested specifically for application to the breast and cleavage area. Its active principle is based on the synergistic action of its ingredients Mangosteen, Quince-hydrogel and the Essential Cell Boost Factor. It reshapes the contours of the cleavage area and optimally accentuates the feminine features. Scientifically proven effects:

- a) Activation of lipid accumulation (in vitro) – Lipogenesis in human adipocytes.
- b) Volume-Effect (in vivo) - Added breast volume accentuates femininity and lends fullness to the cleavage.
- c) Firming-Effect (in vivo) - Improved skin elasticity in the cleavage area firms the breast and smoothes its surface.
