

VITALIZING BEAUTY ELIXIR

High Concentrated Creamy Serum

REF: 1.16945 (R) **PRESENTATION:** 25ml airless dispenser

A highly concentrated, rich creamy serum containing a cocktail of exotic plant extracts and nanotechnology encapsulated oils from South Sea is helps preserve the natural balance of the skin. In combination with the appropriate cream, it provides additional protection during the day and promotes the nightly regeneration process. Bio-intelligent active substances reduce wrinkles and stimulate the release of the “happiness hormone” endorphin for a long-lasting well-being feeling.

RECOMMENDED FOR:

For poor-moisture, dry, sensitive and irritated skin.

INGREDIENTS & BENEFITS:

Kukuinut Nanopearls®

Cold pressed from the fruit of the native Hawaiian Kukui tree to protect the skin against any kind of environment influences; rich in unsaturated fatty acids; the oil is incorporated into NLCs an added directly to our formulation.

Glistin® (Synthetic Pseudo-Peptide)

A synthetic pseudo-peptide to improve the conduction of signals within the tissue and to enhance transmission of the sense of well-being.

Betatephroline®

An extract from the seeds of the wild indigo (Ahuhu), which increases endorphins (happiness hormone) production and thus well-being.

Noniextract®

Extract from the noni plant from French Polynesia with antioxidant and immune-stabilizing properties; very popular in the naturopathy - special cancer aftercare.

Fucoidan

Complex polysaccharide found in brown algae. Fucoidan will increase collagen synthesis, decrease the activity of enzymes that break down dermal proteins, increase scavenging of free radicals and increase cell proliferation.
