

## CELLULAR EYE MASK COMPLEX

Being very delicate and fragile, the skin tissue around the eye is the first to show signs of fatigue and aging. From the first application, the area around the eyes will appear more awake, brighter and refreshed. Puffiness will be minimized, and skin will appear smoother. The skin will feel soothed and calmed.

Ref. 1037 - 30ml pump bottle

Ref. 1037C - 150ml pump bottle

### The BENEFITS

- Cellactel 2 Complex and the marine polysaccharide produce a noticeable lifting and regeneration of the skin.
- Eyebright, ginkgo-biloba and hydrolyzed algin soothe and calm the eye area.
- Caffeine reduces puffiness. Hydractin™ and hyaluronic acid moisturize the skin.

### The CUSTOMER

- Devitalized and tired eye contour. Ideal for eye contour that requires an intensive cooling and repairing, "all-in-one" treatment.

### The TECHNOLOGY

#### CELLACTEL 2 COMPLEX

Skin-revitalizing ingredient combination that helps repair essential skin functions, lift and regenerate the skin.

#### POLYSACCHARIDE OF MARINE ORIGIN (MACROCYSTIS PYRIFERA EXTRACT)

Provides immediate and sustained firming and toning of the skin.

#### EYEBRIGHT, GINKGO BILOBA EXTRACT & HYDROLYZED ALGIN

Soothing and anti-inflammatory ingredients which help to decrease and counteract eye area inflammation and potential irritation.

#### CAFFEINE

Helps reduce puffiness around the eyes.

#### HYDRACTIN™

Unique cosmetic active ingredient, effective in three ways:

1. As an energy source stimulating and activating the cellular metabolism, leading to a significant increase of immediate and long-term skin moisturization.
2. Reduces trans-epidermal water loss.
3. Provides the skin with new freshness and beauty.

## CELLULAR EYE MASK COMPLEX

### HYALURONIC ACID

A naturally occurring polysaccharide, acts as a “molecular sponge” trapping and holding water up to a thousand times its own weight.

### The APPLICATION

This product can be used in two ways: as a revitalizing, intensive eye mask by applying with the eye pads provided, or as a daily serum by applying without the eye pads. To use as a mask, remove two pads from package and fold in half. Wet the pads with 3 to 4 drops of solution on each side of the folds. Distribute fluid evenly by lightly pressing folded pads together with fingertips. Slowly unfold, place gently over eye contour and repeat the same procedure with another pad on the other eye. After about 10 minutes, remove pads and softly pat in excess fluid around eye with fingertips. To sue as a daily serum, gently pat in a few drops of solution around the eyes.
