

FACE LIFTING COMPLEX II

This exceptional intensive serum provides a noticeable “face lift” within minutes, visibly reducing wrinkles to leave the skin younger looking and feeling more toned. Now fortified with an “urban-detox” complex that protects the skin from the hazardous effects of an urban lifestyle.

Contains a high concentration of plant boosters offering tightening and restructuring properties.

* CS harmonized fragrance, paraben free and color free.

Ref. 1187 - 30ml airless pump

Ref. 1187C - 150ml pump bottle

The BENEFITS

- Visibly lifts and regenerates the skin.
- Helps strengthen the collagen fibers of the skin, while moisturizing and combating free radical damage.
- Clinically proven to tackle “urban stress”, enhancing skin brightness and clarity.
- Enhances make-up and reduces signs of fatigue.

The CUSTOMER

- Recommended for all skin types. Ideal for aging skin that needs a lift to improve its resilience.

The TECHNOLOGY

CELLACTEL 2 COMPLEX

Cell Shock's signature skin-revitalizing ingredient helps repair essential skin functions, lifts and regenerates the skin.

WHITE UNISPHERES

A new generation of unispheres releases vitamin E upon contact with the skin.

POLYLIFT® and RAFFERMINE®

The two original Face Lifting Complex ingredients – both botanical tensors (polymerized sweet almond oil and proteins) – form an elastic film on the surface of the skin to improve micro-relief and reduce fine lines and wrinkles. Blended together with soybean membranes and hyaluronic acid, they impact in a very noticeable lifting effect.

URBAN-DETOX COMPLEX

Clinically proven, modern complex tackles “urban stress” to enhance the skin's brightness and clarity. Specific protein fractions from Moringa seeds shield skin from environmental pollution, while a Nasturtium stem extract promotes the role of cytoglobin as an oxygen carrier, facilitating the intercellular exchange of toxins.

FACE LIFTING COMPLEX II

HYDROLYZED LUPINE PROTEIN

Helps protein synthesis and prevents dehydration.

HYALURONIC ACID

This naturally occurring polysaccharide (complex sugar), acts as a “molecular sponge” trapping and holding water up to a thousand times its own weight. Enhances make-up and reduces signs of fatigue.

The APPLICATION

Apply morning and / or evening to face, neck and décolleté. Smooth on sparingly and allow to penetrate before applying the appropriate CELL SHOCK cream. Can also be used alone for a more intense and visible lifting effect, before make-up on special occasions.
