

AQUA-PURE MATTIFYING CREAM

This feather-weight cream offers a complete trouble-shooting solution for combination and oily skins. It targets shine and excess oil, while boasting a clinically proven pore-reducing effect. An innovative biotechnological complex obtained by bacterial fermentation, contains Rhamnose and glucuronic acid, to target inflammation and prevent acne-causing pathogenic bacteria adhering to the skin's surface.

Designed to be used day and / or night on top of Aqua-Pure Clarifying Serum for optimal results when acne is a concern.

Ref. 1128 - 50ml jar

Ref. 1128C - 250ml tube

The BENEFITS

- Non-oily, lightweight, 24h moisturizer targeting excess oil, inflammation and acne prone skins.
- Minimizes the appearance of enlarged pores and adds a natural radiance to the complexion.
- Sets on the face after application as a "powdery" veil that keeps skin matte-looking and enhances make-up for a long-lasting, fresh appearance.

The CUSTOMER

- Recommended for all consumers concerned with oily skin conditions and / or looking for an all-in-one moisturizer that can visibly reduce pore size.
- Suitable for consumers with sensitive skin, can also be recommended to those with combination skin.

The TECHNOLOGY

ALPINE BIO EXTRACTS

Edelweiss, Coltsfoot and Yellow Gentian offer soothing, moisturizing and softening properties.

TREE RESINS COMPLEX

This complex consists of a duo of tree resins, one from the African tree (*Enantia chlorantha*) and the other from a tree on the Greek island of Chios (*Pistacia lentiscus*). Both resins have been shown to have a positive effect on reducing sebum secretion and therefore minimizing, over time, problems triggered by overly reactive or inflamed sebaceous glands in skin prone to acne.

TEFLOSE®

Obtained from the bacterial fermentation of a specific form of sugar, Teflose® works with a Teflon-like effect to limit the onset of blemishes and acne-causing eruptions while inhibiting the adhesion and proliferation of pathogenic organisms to the skin's surface.

AQUA-PURE MATTIFYING CREAM

The APPLICATION

Smooth over face and neck, morning and / or evening, alone, or for best results, after the appropriate Swiss line serum: Aqua-Pure Clarifying Serum in the case of oily or acne prone skins; Aqua-Vitale Gel-Serum in the case of combination or dehydrated skins.
