

AQUA VITALE DE-PUFFING EYE GEL

This fragrance-free, oil-free eye gel diminishes dark circles and chronic puffiness around the eyes. Pharmaceutical-grade ingredients offer draining and anti-inflammatory action, while also helping to boost microcirculation.

Ref. 1123 - 15ml jar

Ref. 1123C - 75ml tube

The BENEFITS

- Clinically proven to reduce puffiness and the intensity of dark under-eye circles.
- Helps to counteract the signs of fatigue and environmental stress.
- Contains anti-aging alpine botanicals that provide soothing, moisturizing & antioxidant properties.

The CUSTOMER

- Anyone concerned with puffiness, dark circles and /or premature aging.
- All age and skin conditions.

The TECHNOLOGY

THE DE-PUFFING COMPLEX

Consisting of specially purified soy and rice peptides, together with a bio-tech yeast protein, as well as superoxide dismutase, this transforming complex improves blood haemodynamics and microcirculation, reduces the proteolytic breakdown of the collagen and elastin matrix and strengthens the connective tissue and fights free radicals, reducing inflammation and preventing UV damage.

ANTI-FATIGUE COMPLEX

This potent complex is comprised of two key ingredients: Rhodiola Rosea, known to increase the consumption of oxygen at the cellular level and promote the production of β -endorphins to energize the skin and protect it from external stress factors, and Organic Alpine Skullcap (*Scutellaria alpina*) extract, known to provide anti-inflammatory properties and help increase blood circulation.

ALPINE PLANT EXTRACTS

Edelweiss, Coltsfoot and Yellow Gentian leaves soothe, moisturize & soften the skin. The plant extracts were selected for their antioxidant and protective properties.

The APPLICATION

Apply morning and/or night, alone or before FV Aqua-Vitale Corrective Eye Cream.
