

AQUA-VITALE GEL-CREAM

This lightweight, fast-penetrating gel-cream quickly melts to infuse skin with an innovative moisturizing complex. Instantly quenches skin's thirst and calms with absolutely no oily feeling. Skin feels refreshed as vivified from within.

Ref. 1119 - 50ml jar

Ref. 1119C - 250ml tube

The BENEFITS

- Very strong anti-oxidant properties.
- Aquarich® powerfully reduces trans-epidermal water loss and binds moisture in the epidermis.
- Keeps skin elastic and moisture all day long.

The CUSTOMER

- Recommended for all skin types, in particular those we favor lightweight textures.

The TECHNOLOGY

AQUARICH® COMPLEX

Derived from black oat (*Avena strigosa*) extract which has a strengthening effect on the skin's barrier functions and provides the skin with essential nutrients.

BETA GLUCAN

Enables the skin to bind water more effectively, it stimulates cell renewal rate and it boosts the immune system in the skin. It also acts as an anti-oxidant.

LECITHIN (PHOSPHATIDYLCHOLINE)

An essential component of every living cell as well as of the sealing substance (responsible for the barrier function) in the epidermis.

HYALURONIC ACID

A naturally occurring polysaccharide, acts as a "molecular sponge" trapping and holding water.

The APPLICATION

Apply gel-cream, day and/or night, over the face and the neck. It may be used daily alone or after FV Aqua-Vitale Serum 24 whenever skin is particularly dehydrated.
