

EYE CONTOUR GEL

Firming eye gel

REF: 725 (R)

PRESENTATION: 20ml tube

The Dr. RIMPLER BASIC HYDRO Eye Contour Gel is optimally suitable for the sensitive eye area. Based on the oil-free formulation, Eye Contour Gel does not spread but quickly penetrates into the skin. It contains a very effective moisturizing-complex and counteracts premature ageing of the eye area.

RECOMMENDED FOR:

For all skin types, especially sensitive and dehydrated eye contour.

CHARACTERISTIC:

Moisturizing, regenerating, firming, decongestant, free of spreading oils and slightly cooling.

INGREDIENTS & BENEFITS:

Aloe Vera

It is well known as a "miracle plant" which naturally rich in enzymes, vitamins, proteins and minerals. Aloe Vera aids to heal and soothe burned, irritated or inflamed skin; help to maintain skin's moisture balance; increases the synthesis and strength of skin tissue and encourages new skin cell production.

Urea

A natural humectant helps to increase and retain the water content on the top layer of skin (stratum corneum), thus maintain a healthy moisture balance and suppleness on eye area.

Gamma-PGA

Proven it has ten times more hydrating than hyaluronic acid and far more elastic than collagen which effectively to diminish the fine line and wrinkle on eye area.

APPLICATION:

Apply every morning and evening as additional skin care product for the sensitive and dehydrated eye area. Gently massage with your fingertips in small circular movement at eye area. Dr. RIMPLER BASIC HYDRO Eye Contour Gel shall apply after tonic.
