CLEANSER SENSITIVE

Mild cleansing emulsion

REF: 456 (R) **PRESENTATION:** 200ml bottle
456.1 (C) 500ml bottle

This rich and gentle Dr.RIMPLER CUTANOVA Cleanser Sensitive is the perfect cleansing for demanding and stressed skin. The combination of different gentle non ethoxylated emulsifiers (EO-free) enables a soft cleansing without removing valuable skin lipids. Soluble collagen regulates during the cleansing process the moisture balance of the skin.

RECOMMENDED FOR:
For dry, mature and sensitive skin.

CHARACTERISTIC:
EO-free, gentle, not irritating, nourishing effect during cleansing and containing a protein-fatty acid-condensate.

INGREDIENTS & BENEFITS:
Moisturising Lipid Emulsifier (Polyglyceryl-3 Methylglucose Distearate)
Vegetable based, PEG-free emulsifiers for W/O systems. It is biodegradable and made from glycerin and plant fatty acids. Provide skin hydration, emollient, conditioning and protection as well as elegant texture to the product that will leave the skin feeling soft.

Hydrolyzed Collagen
Collagen is a large molecule which is hard for us to absorb but hydrolyzing the protein breaks down the particles into smaller sizes so it is readily absorbed by skin. Hydrolyzed collagen consists of water-soluble peptides, rich sources of the amino acids which protect the skin from moisture loss.

Vitamin E
Vitamin E helps prevent the appearance of age spots and maintains the skin's oil balance. It also helps strengthen skin barrier function by acting as a skin conditioning agent and preventing transdermal water loss.

APPLICATION:
Apply every morning and evening with humid hands, emulsify and apply with circular strokes, remove remaining with water.
