

## N° 341 REPAIR MATRIX

<b>REF:</b> 341(R)	<b>PRESENTATION:</b> 20ml airless dispenser
341.2 (R)	2ml glass ampoule
341.1 (C)	50ml opal glass dispenser

The INTENSIVE Med N° 341 is the perfect addition to a high-quality cosmetic treatment. The skin is vitalized, metabolism processes are optimized and it counteracts premature aging. Encapsulation of the light-sensitive retinol (vitamin A) with Smart Lipid technology guarantees maximum absorption of active ingredients with good stability, resulting in exceptional anti-aging deep into the epidermis. Bakuchiol supports the effect of the retinol and stimulates collagen synthesis. Clinical studies show that maca stimulates the proliferation of fibroblasts.

### RECOMMENDED FOR:

For all skin types. Ideal for aging skin that concerned with skin repair, wrinkles and suppleness.

### CHARACTERISTIC:

Anti-aging, revitalizing, stimulating and repairing.

### INGREDIENTS & BENEFITS:

#### Smart Lipid Retinol

Encapsulation of the light-sensitive retinol (vitamin A) with Smart Lipid technology guarantees maximum absorption of active ingredients with good stability, resulting in exceptional anti-aging deep into the epidermis. The retinol has a positive effect to:

- Hyperkeratosis and scars
- Blemished skin and acne, caused by impaired keratinization at the sebaceous gland exits
- Stimulation of cell growth and collagen synthesis in the epithelial tissue
- Elderly skin : often in combination with antioxidant vitamin E and C

#### Maca Plant – Peruvian Ginseng

Treated with a patented, bio-enzymatic extraction process, this is a highly purified concentrate from the root of the maca plant cultivated in the High Andes of Peru, also known as Peruvian Ginseng. This plant has been used for over 2,000 years by the local Indians in their traditional medicine and today is internationally renowned for stimulating the proliferation and activation of fibroblasts, as proven in clinical studies.

## N° 341 REPAIR MATRIX

### Bakuchiol

A highly purified natural substance from plant *Psoralea Corylifolia* stimulate the collagen synthesis – similar to Vitamin A.

### Hyaluronic Acid

A naturally occurring polysaccharide acts as a “molecular sponge” trapping and holding water up to a thousand times its own weight and supports collagen fibers and structural proteins to keep skin plump and youthful.

### **APPLICATION:**

Apply a few drops to the face, neck and décolleté in the morning and/or evening. Follow with an appropriate care cream to protect the skin.

### **SALON/SPA:**

In combination with the *White Baltic Gold* treatments or also instrument-based treatments with ultrasound, no-needle mesotherapy, radio frequency or similar, the intensive serum acts as a deep-action care concentrate. It is also excellent for allergy sufferers, as its lack of fragrances, colorings and emulsifiers makes it especially kind to the skin and there is no risk of allergies.

When used in combination with instrument-based treatments, its effect can be accelerated with MED Matrix Gel for excellent results.
