

GENTLE CLEANSING GEL

Mild cleansing gel

REF: 467 (R)

PRESENTATION: 100ml plastic bottle

Dr. RIMPLER SENSITIVE Gentle Cleansing Gel is the especially mild and oil free cleansing for sensitive skin – including the delicate eye area and recommended for rosacea as well. This specific combination of silk proteins and Roman chamomile as well as the resin of tenside provides already during the cleansing a refreshing and calming effect. Especially suitable as an eye make-up remover and highly recommended.

RECOMMENDED FOR:

For all skin types.

CHARACTERISTIC:

Tenside-free, refreshing, calming, toning and anti-inflammatory.

INGREDIENTS & BENEFITS:

Silk Proteins (Skin-Like Amino Acid – Sequence)

Silk protein offers maximum moisture retention to the skin due to its strong hygroscopic properties. Imparts remarkable elasticity, resiliency and restores the moisture balance. Silk proteins help strengthen the lashes and relieve dryness.

Cornflower

It offers refreshing, soothing, astringent, decongesting and softening benefits. It is particularly recommended to soothe irritated eyelids and the reddened, delicate skin of the eye area.

Roman Chamomile

Has extraordinary healing and anti-inflammatory properties. It soothes and heals irritations.

APPLICATION:

Apply a small quantity of Dr. RIMPLER Gentle Cleansing Gel on a slightly wet cotton pad and you may start, if necessary, carefully with the eye makeup and water dissolvable mascara. Then apply a sufficient proportion either with hands or a cotton pad by emulsifying and you may take it of **dry or moist**.
