

## RESCUE LOTION

Calming spray

**REF:** 466 (R)

**PRESENTATION:** 100ml spray bottle

Our SENSITIVE Rescue Lotion is an intensely soothing spray lotion with panthenol and antimicrobial microsilver. A natural cocktail of oily plant extracts enhances the calming effect and provides lasting care. The spray was especially developed for sensitive and allergic skin. Blackcurrant seed oil, balloon vine extract and sunflower-oil concentrate are the ideal combination for bringing the skin's natural protection system back into balance. The perfect SOS product for eczema-prone skin and after depilation.

### RECOMMENDED FOR:

For sensitive, allergic skin and eczema-prone skin.

### CHARACTERISTIC:

Anti-inflammatory, soothing, calming, antibacterial, redness reduction/anti-irritant and restore and reinforce skin's barrier function.

### INGREDIENTS & BENEFITS:

#### Microsilver BG ®

Microsilver BG ® is an innovative form of pure metallic silver. It is a natural antimicrobial active, supports treatment of irritated and inflamed skin. It is extremely effective, even at a low dosage and has a long-lasting effect (depot and time-release effect).

	Features	Benefits
<b>Regulating</b>	Anti-microbial	Highly against a broad spectrum of germs/ microbes prevents infections
<b>Protective</b>	Anti-bacteria	Kills irritant bacteria, normalizes the skin flora, keeps a healthy bacteria balance
<b>Stabilizing</b>	Anti-inflammatory	Prevents inflammation caused by pathogenic germs, disrupts the multiplication of harmful micro organisms

## RESCUE LOTION

Calming spray

### DEFENSIL®-PLUS

DEFENSIL®-PLUS is a highly effective first-aid kit to alleviate stressed, sensitive and irritable skin. The outstanding properties of Blackcurrant Seed oil and Balloon Vine extract in combination with Sunflower Oil Concentrate effectively reduce inflammatory processes and replenish the damaged skin barrier.

- **Blackcurrant Seed Oil**  
Rich in  $\omega$ -3/6-Fatty Acids (Stearidonic Acid;  $\gamma$ -Linolenic Acid), strengthens skin barrier and soothes inflammation.
- **Sunflower Oil Concentrate**  
High level of unsaponifiable substances (bioactive compounds), rich in essential Fatty Acids (Linoleic Acid) and stabilises skin barrier.
- **Ballon Vine Extract**  
Valuable Phytosterols, skin soothing, plant-derived alternative to Hydrocortisone

Scientifically proven effects:

- Nips inflammatory processes in the bud (in-vitro study)
- Reduces allergic reactions (in-vitro study)
- Reduces tissue damage resulting from Mosquito bites (in-vivo study)
- Soothes the skin after shaving and epilation (in-vivo study)
- Protects and regenerates the damaged skin barrier (in-vivo study)
- Improves the quality of life of those suffering from atopic Eczema (in-vivo study)

### Panthenol

Is a form of Vitamin B5, is mostly used as a humectants, a substance that helps retain moisture. Panthenol's molecular structure allows it to attract moisture from the atmosphere and bind to water molecules, so helps moisturize skin and stop from getting dehydrated.

### **APPLICATION:**

Spray SENSITIVE Rescue Lotion onto the affected areas with a pumping action. Ideally always have it with you for use several times a day if necessary.

### **SALE IDEAS:**

- For eczema-prone skin.
- For anti-irritant care after depilation.
- Trusty companion for anyone with sensitive skin.

### **BEAUTY SPA:**

Integrate into a SENSITIVE treatment as an SOS product. After depilation, spray immediately onto the affected areas to prevent irritation.
