# MASK PEEL AHA

Mask with fruit acids

REF: 440 (R) PRESENTATION: 75ml tube

440.1 (C) 200ml tube

The Dr. RIMPLER SPECIAL Mask Peel AHA, a vitalizing mask at a pH 3.5, is suitable for almost all skin types, excluding sensitive and redness-prone skin. The combination of a highly efficient fruit acid complex (6.5%) enables a secure and gentle exfoliation with a good compatibility and a high effectivity at the same time.

### **RECOMMENDED FOR:**

For all skin types, except sensitive and redness prone skin.

#### **CHARACTERISTIC:**

The mask has a peeling and soothing effect on the skin and improves the skin's elasticity at the same time. Fine lines and wrinkles are reduced.

#### **INGREDIENTS & BENEFITS:**

## Natural Fruit Acids (6.5%)

Fruit acid is a concentrated blend of five botanical extracts: bilberry, sugar cane, sugar maple, orange, and lemon. These extracts contain several naturally occurring alpha hydroxyl acids. Benefits:

- Exfoliates skin and helps minimize pores
- Works to help reduce uneven skin tone
- Formulated to help stimulate new collagen production
- Helps improve the absorption of other skin care products

#### **APPLICATION:**

Depending on the skin's condition and its sensitivity the application time differs. Leave on until you feel a light prickling on the skin and do not exceed the maximum time of 15 minutes. In case of a thin and sensitive skin and application time of 5 minutes is often sufficient. ATTENTION - Do not bring in contact with your eyes. Remove any remaining mask with much water and apply toner afterwards. Alternatively, suitable as peeling for sun-stressed, mature skin.
