

HIGH PROTECTION SPF 30

Sun lotion with high protection

REF: 517 (R)

PRESENTATION: 200ml tube

Dr. Rimpler SUN High Protection SPF-high, the oil-free sun protection lotion from Dr. RIMPLER COSMETIC is both, waterproof and sweat resistant. Very easy to apply and leaves a pleasant soft, non-sticky film, on the skin. Ideal for children as well.

The complete protection for the UVA & UVB range, together with the nurturing properties of aloe extract offers an up to 30 times longer sun exposure, than without sun protection. The high protection is the perfect product especially for the most sensitive and untanned skin. Paraben-free.

RECOMMENDED FOR:

All skin types even for babies as well.

CHARACTERISTIC:

Waterproofed sunscreen, moisturizing and soothing.

INGREDIENTS & BENEFITS:

UV-Protective:

Octinoxate (Ethylhexyl Methoxycinnamate)

An FDA approved water-resistant sunscreen that provides excellent UVB absorption that helps prevent sun damage to the skin.

Oxybenzone (Benzophenone-3)

Oxybenzone primarily functions as a photo stabilizer and sunscreen. Among the selection active chemical protectants, Oxybenzone covers UVB and some UVA rays with wavelengths from 290 to 360 nm, protecting the skin from direct DNA damage. It protects against a wider spectrum of UVA rays but not completely.

Panthenol

Derived from plants, Panthenol is also known as B5. It is a humectant property to optimize moisture levels. It stimulates the formation of new skin cells, improves healing and counteracts inflammation. Panthenol is also used to alleviate mild sunburns.

HIGH PROTECTION SPF 30

Sun lotion with high protection

Aloe Vera

It is well known as a "miracle plant" which naturally rich in enzymes, vitamins, proteins and minerals. Aloe Vera aids to heal and soothe burned, irritated or inflamed skin; help to maintain skin's moisture balance; increases the synthesis and strength of skin tissue and encourages new skin cell production.

Bisabolol

The main active ingredient of Chamomile plant, Bisabolol has anti-inflammatory, anti-bacterial and anti-irritant properties and helps protect skin against environmental stressors. It has a calming property that is effective in significantly helping to reduce the appearance of redness.

APPLICATION:

Before sunbathing, apply a sufficient quantity.

SALES HINTS:

- Oil-free lotion, without any emulsifiers.
- With broad-spectrum filter, total UV protection.
- Moisturizing and soothing even while sunbathing.
- Sweat- and waterproofed, therefore intensive protection while swimming and sports. Ideal for children and water sports enthusiasts!
