

SUN STICK SPF 30

High sun protection

REF: 514 (R) **PRESENTATION:** 4.5g stick

Sun stick care for local intensive protection. NOW with new formula and enriched with valuable avocado oil, for all sensible areas!

This profound formula of waxes, natural oils and Vitamin E pampers and nourishes the skin even already in the sun. The high sun protection factor almost completely blocks harmful UV-radiation and in combination with valuable substances the Sun Stick counteracts premature ageing.

RECOMMENDED FOR: All skin types.

CHARACTERISTIC:

SPF 30, protecting and nourishing.

INGREDIENTS & BENEFITS:

UV-Protective:

Octinoxate (Ethylhexyl Methoxycinnamate)

An FDA approved water-resistant sunscreen that provides excellent UVB absorption that helps prevent sun damage to the skin.

Avobenzone (Butyl Methoxydibenzoylmethane)

Avobenzone is a highly effective broad spectrum sunscreen ingredient offering superior protection from UVA rays and helps prevent breakdown during UV exposure.

UVA & UVB Sun Filter (Diethylamino Hydroxybenzoyl Hexyl Benzoate & Ethylhexyl Triazone)

Excellent long-wave UVA protection against deeply penetrating UV rays. It has a powerful action against free radical generation for preventing premature skin aging. Effective SPF boosting for effective UV protection. Reliable photo stability for long-lasting performance.

Vitamin E

Vitamin E helps prevent the appearance of age spots and maintains the skin's oil balance. It also helps strengthen skin barrier function by acting as a skin conditioning agent and preventing transdermal water loss.

SUN STICK SPF 30

High sun protection

Avocado Oil

Avocado Oil, derived from the fruit of a tropical American tree, is a rich, fatty-acid emollient. It is also a natural source of Amino Acid proteins, Vitamins A, D, E, and potassium. It is high in sterolins, which are reputed to reduce age spots, help heal sun damage and scars. It is an extremely good moisturizing and nourishing compound, assisting in the regeneration and rejuvenation of the skin. Avocado oil is easily absorbed into deep tissue, and with its wonderfully emollient properties, makes it ideal for mature skins.

Ricinus Oil (Castor Oil)

Castor oil is a vegetable oil obtained from the castor bean. Castor oil is rich in fatty acids and is soothing and lubricating. It offers anti-inflammatory properties, helps treat eczema, psoriasis, chapped skin, burns and moisturizes skin. It is a humectant that attracts moisture to the skin. It acts as a protective barrier on skin, great in dry climates and colder seasons.

Beeswax

A natural substance obtained from the honeycomb. It has powerful anti-microbial properties. Known to lock in moisture, foster cells, and protect skin from damaging environmental factors.

Candelilla Wax

Candelilla wax is obtained from a shrub-like member of the spurge family, Euphorbia, native to Mexico. A protective layer of the wax covers the plant. And in the same way as it protects the plant, this wax protects the skin against moisture loss and makes it soft and supple.

Shea Butter

Shea Butter is the natural fat obtained from the fruit of the African Karate tree. Protects skin from dehydration, restores skin's suppleness and improves the appearance of dry skin. It contains fatty acids, phytosterol and unsaponifiables which stimulate the skin's renewal process, providing a more youthful, vibrant appearance.

APPLICATION:

Apply several times a day corresponding to the individual demand on the sensible areas. Especially on lips, eyes, nose and if required nipples.
