

Get your skin selfie-ready!

A clean sweep:

New design and new formula!

Spots? No chance! With our advanced and highly effective care range for young problem skin, impurities are a thing of the past. BASIC CLEAR+ actively fights the causes of impure skin and helps prevent inflammation, without drying out. Oily shine is reduced, and your complexion is visibly improved. For skin you can feel comfortable in.

THE CLEANSER

Foaming cleansing gel

REF: 670 (R) **PRESENTATION:** 200ml bottle
670.1 (C) 500ml bottle

Oil-free, gently foaming cleansing gel with a natural extract of rye ferment for deep-cleansing oily skin prone to inflammation and impurities.

RECOMMENDED FOR:

For combination, oily skin and acne-prone skin.

CHARACTERISTIC:

Clarifying and cleansing, anti-inflammatory, soothing and oil-free.

INGREDIENTS & BENEFITS:

Rye Ferment Extract

This patented organic ingredient from rye has a natural, gently clarifying effect, normalizing the skin flora by selectively killing off pathogenic germs. This prevents skin irritation and supports regeneration of the matrix. Relieves itching, strengthens the skin barrier, smooths and nourishes the skin, which improves the flow of sebum.

Allantoin

Is an active moisturizing ingredient, found in the root of the comfrey herb and has a lovely therapeutic action, promotes wound healing and accelerates cell regeneration. It is considered an excellent anti-irritant, calming and soothing inflamed skin.

APPLICATION:

Lather in the hands with a little water and apply to the face, neck and décolleté. Remove thoroughly with water and tone the skin.

BEAUTY SPA:

This cleansing is especially recommended before an intensive deep-cleanse, as it thoroughly removes surface lipids, allowing deeper impurities to be drawn out more easily, while at the same time helping to prevent any inflammatory response.

SALES IDEAS:

Perfect cleansing with anti-inflammatory effect, without drying out the skin. The finely textured foam gives the feeling of cleansing deep down in the pores.

THE TONIC

Refreshing alcoholic toner

REF: 675 (R) **PRESENTATION:** 200ml bottle
675.1 (C) 500ml bottle

Refreshing, alcohol-containing tonic to complete the cleansing of problem skin. Active substances that soothe, clarify and balance normalize skin equilibrium and optimally prepare the skin to absorb caring ingredients subsequently applied.

RECOMMENDED FOR:

For combination, oily skin and acne-prone skin.

CHARACTERISTIC:

Anti-inflammatory, soothing, stabilizing and contains alcohol.

INGREDIENTS & BENEFITS:

Rye Ferment Extract

This patented organic ingredient from rye has a natural, gently clarifying effect, normalizing the skin flora by selectively killing off pathogenic germs. This prevents skin irritation and supports regeneration of the matrix. Relieves itching, strengthens the skin barrier, smooths and nourishes the skin, which improves the flow of sebum.

Allantoin

Is an active moisturizing ingredient, found in the root of the comfrey herb and has a lovely therapeutic action, promotes wound healing and accelerates cell regeneration. It is considered an excellent anti-irritant, calming and soothing inflamed skin.

Marine Exopolysaccharide

This pure substance is cultivated and produced naturally from a special type of plankton. The isolated active agent interferes in the production of GAGs and therefore develops a deep-seated water reservoir in the skin. At the same time, it has been shown that the proteins which are important for the keratinization are stimulated in the epidermis and that keratinization is normalized in a natural way, without irritating the skin from the outside with the different manual peeling methods.

APPLICATION:

Apply with a saturated cotton pad after cleansing.

THE TONIC

Refreshing alcoholic toner

BEAUTY SPA:

Apply to the skin with a cotton pad after cleansing and deep-cleansing. Avoid the eye area. Also ideal for gentle disinfection after epilation.

SALES IDEAS:

Kills bacteria for a healthy skin flora as the base for clear skin without blemishes. A must for the daily skincare routine in combination with The Cleanser.

THE PEEL

Enzyme peeling

REF: 695 (R)

PRESENTATION: 15g in dispenser bottle

Gentle, enzymatic exfoliator in powder form for regular intensive cleansing and deep-clarifying of the skin. Mixed with water, it produces a fine, soft foam that cleanses deep down in the pores after only a short time on the skin. A pair of selected enzymes ensure the breakdown of fats, excess oil and the keratin of dead skin cells. Combined with the exfoliating effect of the salicylic acid, this very soon leads to visibly refined pores along with reduced inflammation, blackheads and oily shine.

RECOMMENDED FOR:

For all skin types, especially acne-prone, blackheads and large pores.

CHARACTERISTIC:

Keratolytic, cleansing and clarifying.

INGREDIENTS & BENEFITS:

Salicylic Acid Complex 2.0

One of the strongest and best active agents for the rapid reduction of cornification disorders. The cosmetically use has been limited to 2% due to its instant effect. With this new active ingredient, the acid is present in a bound form, which is therefore compatible and makes the maximum permitted concentration without side effects possible as a deposit on the skin.

Lipase

The upper layer of the skin is mostly made of dead skin cells containing keratin protein. Lipase enzymes work by specifically breaking down the keratin protein, resulting in smoother skin and refine the pores.

Protease

It is a protein degrading enzyme; this enzyme breaks down the protein bonds that cause inter-corneocyte cohesion and promote the natural shedding of dead skin cells. Some of the more commonly used enzymes in skin care formulation include bromelain and papain.

THE PEEL

Enzyme peeling

APPLICATION:

Take a little powder in damp hands and rub to form a lather. Distribute over dampened skin of the face, neck and décolleté. Leave to take effect for 5 minutes until touch-dry, then use a little water to lather the peel and rinse off thoroughly, paying attention to the eyebrows and hairline.

BEAUTY SPA:

Gentle intensive cleansing for blemished, sensitive and/or demanding skin as part of a treatment.

SALES IDEAS:

A must-have for beautiful, smooth, clear skin. Practical, easy to use and highly effective. Sensational texture with soft, smooth foam.

THE CONCENTRATE

Sebaceous gland control serum

REF: 625 (R)

PRESENTATION: 50ml bottle with foam dispenser

Regulating, highly active ingredient concentrate, purely plant-based, to counteract inflammatory impurities for all parts of the body. The concentrated, oil-free foam has an antibacterial effect and was developed to treat small and large areas of pustular skin.

RECOMMENDED FOR:

The first choice for pimple, blackheads, oily and acne-prone skin.

CHARACTERISTIC:

Keratolytic, anti-inflammatory and antibacterial.

INGREDIENTS & BENEFITS:

Rye Ferment Extract

This patented organic ingredient from rye has a natural, gently clarifying effect, normalizing the skin flora by selectively killing off pathogenic germs. This prevents skin irritation and supports regeneration of the matrix. Relieves itching, strengthens the skin barrier, smooths and nourishes the skin, which improves the flow of sebum.

Salicylic Acid Complex 2.0

One of the strongest and best active agents for the rapid reduction of cornification disorders. The cosmetically use has been limited to 2% due to its instant effect. With this new active ingredient, the acid is present in a bound form, which is therefore compatible and makes the maximum permitted concentration without side effects possible as a deposit on the skin.

Marine Exopolysaccharide

This pure substance is cultivated and produced naturally from a special type of plankton. The isolated active agent interferes in the production of GAGs and therefore develops a deep-seated water reservoir in the skin. At the same time, it has been shown that the proteins which are important for the keratinization are stimulated in the epidermis and that keratinization is normalized in a natural way, without irritating the skin from the outside with the different manual peeling methods.

THE CONCENTRATE

Sebaceous gland control serum

APPLICATION:

Apply to cleansed, inflammatory areas of skin in the morning and evening.

BEAUTY SPA:

This product is especially recommended after intensive deep-cleansing. Once applied, leave briefly to touch-dry before applying the care product to follow.

SALES IDEAS:

Ultimate unisex product for teenagers. Highly effective against inflammatory processes and impurities. A little goes a long way. Stops bacteria and ensures germ-free skin flora. Also ideal for the back, décolleté and to counteract irritation after shaving.

THE GEL

Liposome gel

REF: 685 (R)	PRESENTATION: 50ml tube
685.1 (C)	200ml tube

Oil-free, mattifying special care with moisturizing liposomes and a highly effective cocktail of raw materials to even out imbalances in blemished skin. This high-impact, natural ingredient complex lastingly regulates the sebaceous glands and effectively acts against inflammation and impurities. Combined with the exfoliating effect of the salicylic acid, this very soon leads to visibly refined pores along with reduced inflammation, blackheads and oily shine.

RECOMMENDED FOR:

For impure, oily and acne-prone skin.

CHARACTERISTIC:

Anti-inflammatory, moisture-regulating, keratolytic, oil-free, strengthens the skin barrier and mattifying.

INGREDIENTS & BENEFITS:

Rye Ferment Extract

This patented organic ingredient from rye has a natural, gently clarifying effect, normalizing the skin flora by selectively killing off pathogenic germs. This prevents skin irritation and supports regeneration of the matrix. Relieves itching, strengthens the skin barrier, smooths and nourishes the skin, which improves the flow of sebum.

Salicylic Acid Complex 2.0

One of the strongest and best active agents for the rapid reduction of cornification disorders. The cosmetic use has been limited to 2% due to its instant effect. With this new active ingredient, the acid is present in a bound form, which is therefore compatible and makes the maximum permitted concentration without side effects possible as a deposit on the skin.

Panthenol

Is the precursor of the B-Vitamin and is preferably used in product for sensitive skin, as it is very well tolerated and has skin soothing and regenerative properties: Grace to the maintaining moisture, it strengthens the barrier function and improves the viscose-elastic properties of the skin.

THE GEL

Liposome gel

Marine Exopolysaccharide

This pure substance is cultivated and produced naturally from a special type of plankton. The isolated active agent interferes in the production of GAGs and therefore develops a deep-seated water reservoir in the skin. At the same time, it has been shown that the proteins which are important for the keratinization are stimulated in the epidermis and that keratinization is normalized in a natural way, without irritating the skin from the outside with the different manual peeling methods.

Tapioca Starch

Tapioca is the starch gained from the cassava (manioc) root. It is a white powder that is used in skin care product to improve consistency. Cassava hydrates the skin tone making it soft and smooth instantly.

Liposome NMF

Encapsulated in liposomes, there are various natural moisturizing factors that naturally hydrate the skin and sustainably support its skin barrier function shield.

APPLICATION:

Apply to cleansed and toned skin. Possibly in combination with The Concentrate underneath.

BEAUTY SPA:

Oil-free final care after treating blemished skin with Dr. RIMPLER PROFESSIONAL White Baltic Gold, Tea Tree Oil Mask or Collagen Matrix. Not suitable for massage.

SALES IDEAS:

Especially recommended for oily skin prone to inflammation and blemishes. Stops bacteria and ensures germ-free skin flora. Dr. RIMPLER The Gel is especially effective for men who suffer from skin irritation after shaving or from beard folliculitis.

THE CREAM

Moisturizing cream

REF: 690 (R)
690.1 (C)

PRESENTATION: 50ml tube
200ml tube

Soothing, moisturizing 24-hour cream with a slightly mattifying effect to normalize blemished skin. A highly effective, natural raw material complex lastingly regulates the sebaceous glands and effectively acts against inflammation and impurities. This reduces comedones, balances the skin's pH and selectively counteracts the growth of bacteria, resulting in healthy skin flora.

RECOMMENDED FOR:

For impure, oily and acne-prone skin.

CHARACTERISTIC:

Anti-inflammatory, soothing, moisture-regulating and moisturizing and mattifying.

INGREDIENTS & BENEFITS:

Rye Ferment Extract

This patented organic ingredient from rye has a natural, gently clarifying effect, normalizing the skin flora by selectively killing off pathogenic germs. This prevents skin irritation and supports regeneration of the matrix. Relieves itching, strengthens the skin barrier, smooths and nourishes the skin, which improves the flow of sebum.

The isolated active agent interferes in the production of GAGs and therefore develops a deep-seated water reservoir in the skin. At the same time, it has been shown that the proteins which are important for the keratinization are stimulated in the epidermis and that keratinization is normalized in a natural way, without irritating the skin from the outside with the different manual peeling methods.

Tapioca Starch

Tapioca is the starch gained from the cassava (manioc) root. It is a white powder that is used in skin care product to improve consistency. Cassava hydrates the skin tone making it soft and smooth instantly.

THE CREAM

Moisturizing cream

Grape Seed Oil

The grape seed oil, rich in vitamins C, D, and E – which help in reducing scars and tightening the skin. The polyphenols and antioxidants in the oil help treat acne as well.

Jojoba Oil

Jojoba oil naturally deters microbes, helping to prevent the growth of bacteria on skin. This property makes it useful for those with acne and provides an added wound-healing benefit. Bonus: Jojoba oil acts as a natural preservative.

APPLICATION:

Apply to cleansed and toned skin.

BEAUTY SPA:

Perfect final care after treating blemished skin with Dr. RIMPLER PROFESSIONAL White Baltic Gold, Tea Tree Oil Mask or Collagen Matrix. Only suitable for a short massage.

SALES IDEAS:

Ultimate unisex product for teenagers with a slightly mattifying effect.

THE SPOTLESS

Antiseptically paste for local application

REF: 650 (R)	PRESENTATION: 10ml in a carton
650.1 (C)	10ml without a carton

The Dr. Rimpler BASIC CLEAR+ The Spotless is optimally suited for the local application for inflammations. The high percentage of zinc oxide stimulates essentially the cell renewal, for that reason it is quite often used in medical ointments. At the same time valuable active agents such as chamomile in combination with allantoin and natural jojoba-oil do have an anti-inflammatory & soothing effect to the skin.

RECOMMENDED FOR:

For all skin type who suffer with acne/ pimples problems.

CHARACTERISTIC:

Anti-inflammatory, wound-healing, soothing, antibacterial and antimycotic.

INGREDIENTS & BENEFITS:

Zinc Oxide

It is a highly effective physical filter of mineral origin. It offers superior protection against both UVA and UVB radiation. It deflects the UV rays away from the surface of the skin. Due to its molecular structure, it cannot penetrate the skin, which helps prevent allergic reactions and contact dermatitis. It also exhibits strong anti-bacterial and antiseptic properties.

Jojoba Oil

Jojoba plants produce a seed that contains 40-60% natural liquid wax. It's rich in skin-smoothing fatty acids. It acts as a moisturizer and emollient used to protect the skin to keep it soft and smooth, while strengthening the skin's own barrier functions. Diffuse into stratum corneum and acts with intercellular lipids to further reduce water loss.

Bisabolol

The main active ingredient of Chamomile plant, Bisabolol has anti-inflammatory, anti-bacterial and anti-irritant properties and helps protect skin against environmental stressors. It has a calming property that is effective in significantly helping to reduce the appearance of redness.

THE SPOTLESS

Antiseptically paste for local application

Chamomile

Has extraordinary healing and anti-inflammatory properties. It soothes and heals irritations.

Vitamin A & E

- Vitamin A: This powerful antioxidant aids healthy skin reproduction and helps reverse photo-damage in skin.
- Vitamin E: A powerful membrane antioxidant, Vitamin E has soothing properties which helps improve skin healing and provides essential moisture and photo-protection.
- Ideally protected against external aggressions, the skin's surface is soft and satiny to the touch.

Allantoin

Allantoin is derived from comfrey root. It is a healing, moisturizing, soothing and is anti-irritating. Allantoin is a valuable cell-proliferating healing agent which stimulates healthy tissue formation.

APPLICATION:

As soon as the first redness or inflammation does appear apply the BASIC CLEAR+ The Spotless locally. The efficiency will be improved by applying the product several times a day.

BEAUTY SPA:

Especially after intensive cleansing the immediate effect becomes noticeable. After dabbing on the Dr. Rimpler BASIC CLEAR+ The Spotless let it dry for a few minutes, a make-up may be applied without any problems.

SALES IDEAS:

The "focused" treatment for local problems. The BASIC CLEAR+ The Spotless does not dehydrate. Covers local impurities.
