

THE CREAM

Moisturizing cream

REF: 690 (R)	PRESENTATION: 50ml tube
690.1 (C)	200ml tube

Soothing, moisturizing 24-hour cream with a slightly mattifying effect to normalize blemished skin. A highly effective, natural raw material complex lastingly regulates the sebaceous glands and effectively acts against inflammation and impurities. This reduces comedones, balances the skin's pH and selectively counteracts the growth of bacteria, resulting in healthy skin flora.

RECOMMENDED FOR:

For impure, oily and acne-prone skin.

CHARACTERISTIC:

Anti-inflammatory, soothing, moisture-regulating and moisturizing and mattifying.

INGREDIENTS & BENEFITS:

Rye Ferment Extract

This patented organic ingredient from rye has a natural, gently clarifying effect, normalizing the skin flora by selectively killing off pathogenic germs. This prevents skin irritation and supports regeneration of the matrix. Relieves itching, strengthens the skin barrier, smooths and nourishes the skin, which improves the flow of sebum.

Marine Exopolysaccharide

This pure substance is cultivated and produced naturally from a special type of plankton. The isolated active agent interferes in the production of GAGs and therefore develops a deep-seated water reservoir in the skin. At the same time, it has been shown that the proteins which are important for the keratinization are stimulated in the epidermis and that keratinization is normalized in a natural way, without irritating the skin from the outside with the different manual peeling methods.

Tapioca Starch

Tapioca is the starch gained from the cassava (manioc) root. It is a white powder that is used in skin care product to improve consistency. Cassava hydrates the skin tone making it soft and smooth instantly.

THE CREAM

Moisturizing cream

Grape Seed Oil

The grape seed oil, rich in vitamins C, D, and E – which help in reducing scars and tightening the skin. The polyphenols and antioxidants in the oil help treat acne as well.

Jojoba Oil

Jojoba oil naturally deters microbes, helping to prevent the growth of bacteria on skin. This property makes it useful for those with acne and provides an added wound-healing benefit. Bonus: Jojoba oil acts as a natural preservative.

APPLICATION:

Apply to cleansed and toned skin.

BEAUTY SPA:

Perfect final care after treating blemished skin with Dr. RIMPLER PROFESSIONAL White Baltic Gold, Tea Tree Oil Mask or Collagen Matrix. Only suitable for a short massage.

SALES IDEAS:

Ultimate unisex product for teenagers with a slightly mattifying effect.
