

Sensitive skin needs gentle care!

More and more people suffer from allergic skin reactions. Itching, tenderness and redness are alarm signals for this vulnerable type of skin. It reacts just like the sensitive mimosa flower, it is hypersensitive, stressed and has lost all resistance.

Help your skin to repair its appearance and strengthen your immune system with the skin care line SENSITIVE.

GENTLE CLEANSING GEL

Mild cleansing gel

REF: 467 (R)

PRESENTATION: 100ml plastic bottle

Dr. RIMPLER SENSITIVE Gentle Cleansing Gel is the especially mild and oil free cleansing for sensitive skin – including the delicate eye area and recommended for rosacea as well. This specific combination of silk proteins and Roman chamomile as well as the resin of tenside provides already during the cleansing a refreshing and calming effect. Especially suitable as an eye make-up remover and highly recommended.

RECOMMENDED FOR:

For all skin types.

CHARACTERISTIC:

Tenside-free, refreshing, calming, toning and anti-inflammatory.

INGREDIENTS & BENEFITS:

Silk Proteins (Skin-Like Amino Acid – Sequence)

Silk protein offers maximum moisture retention to the skin due to its strong hygroscopic properties. Imparts remarkable elasticity, resiliency and restores the moisture balance. Silk proteins help strengthen the lashes and relieve dryness.

Cornflower

It offers refreshing, soothing, astringent, decongesting and softening benefits. It is particularly recommended to soothe irritated eyelids and the reddened, delicate skin of the eye area.

Roman Chamomile

Has extraordinary healing and anti-inflammatory properties. It soothes and heals irritations.

APPLICATION:

Apply a small quantity of Dr. RIMPLER Gentle Cleansing Gel on a slightly wet cotton pad and you may start, if necessary, carefully with the eye makeup and water dissolvable mascara. Then apply a sufficient proportion either with hands or a cotton pad by emulsifying and you may take it of **dry or moist**.

GENTLE CLEANSING GEL

Mild cleansing gel

SALE IDEAS:

- Very mild formula – without tensides – for a smooth, oil-free and refreshing cleansing.
- Ideal for gents, for oily skin or as well as a makeup – remover
- **Perfect for travelling because the cleansing is possible without water, only dry removing with tissue!**

BEAUTY SPA:

Ideal for the professional cabin treatment for sensitive skin and rosacea. The Gentle Cleansing Gel has got no dehydrating effect but gives a silky feeling to the stressed skin.

TONIC

Mild toner

REF: 716 (R)

PRESENTATION: 100ml plastic bottle

Our SENSITIVE Tonic has been especially developed for sensitive and allergic skin. Active ingredients such as allantoin and extracts of the African "resurrection plant" Rose of Jericho ensure rehydration of dry skin areas, strengthen the weakened and permeable skin barrier, revitalize sensitive areas of skin, and visibly improve the condition of skin prone to redness. A noticeable well-being experience for your skin.

RECOMMENDED FOR:

For dry and sensitive skin.

CHARACTERISTIC:

- Soothing, anti-irritant, protective, stabilizing and stress-reducing.
- Intelligently controls the osmotic balance between internal and external cell environments.
- Activates an antioxidant protection system and reduces moisture loss in the cells by producing protective proteins.

INGREDIENTS & BENEFITS:

MYRAMAZE® (An Oasis of Wellbeing for Desert-like Skin)

MYRAMAZE®, an extract of *Myrothamnus flabellifolia*, is like an oasis for stressed, "desert-like" skin with a particularly high proportion of protective substances. It protects membrane structures from dehydration and preserves the most important skin lipid linoleic acid, against oxidation. A one-time application of MYRAMAZE® invigorates the skin for more than 48 hours. With regular use, MYRAMAZE® effectively revives, regenerates and strengthens skin that is stressed, attacked and depleted.

Scientifically proven effects:

- Protects membranes during dehydration (in-vitro study)
- Protects skin lipids from oxidation (in-vitro study)
- Revives the skin for longer than 48 hours after a single application (in-vivo study)
- Rehydrates dry skin, strengthens the weakened skin barrier, revitalises sensitive skin, visibly and noticeably improves skin texture (in-vivo study)

TONIC

Mild toner

Allantoin

Is an active moisturizing ingredient, found in the root of the comfrey herb and has a lovely therapeutic action, promoting healing of the skin. It is considered an excellent anti-irritant, calming and soothing inflamed skin.

APPLICATION:

Apply SENSITIVE Tonic with a cotton ball and gently press in with your hands. This removes any residue from your cleanser, stabilizes the skin and optimally prepares it for subsequent care products.

SALE IDEAS:

- Very mild formulation for sensitive and allergic skin.
- Free of fragrances, colorings and alcohol.

BEAUTY SPA:

Apply to the face with a cotton pad after cleansing and deep-cleansing.

HYDRO GEL

Soothing Creamy Gel

REF: 470 (R) **PRESENTATION:** 50ml tube
470.2 (C) 200ml tube

Our soft SENSITIVE Hydro Gel with liposomes helps sensitive and stressed skin to help itself. A state-of-the-art combination of purely plant ingredients provides lasting moisture and special protection against irritation, and specifically prevents allergic skin reactions. Because of its light texture, this gel-like cream fluid is an ideal base for makeup. And thanks to its anti-inflammatory properties, it is also recommended as soothing skincare for men after shaving.

RECOMMENDED FOR:

For dry and sensitive skin.

CHARACTERISTIC:

Intensely anti-irritant. Intensive moisturizing care to reduce transepidermal water loss with anti-inflammatory and wound-healing properties. Relipidation of the skin is measurably and profoundly stimulated, especially in combination with Dr. RIMPLER INTENSIVE MED N° 351 Sensitive Matrix.

INGREDIENTS & BENEFITS:

Defensil ®

A multifunctional active ingredient mixture for sensitive skin. Defensil ® protects the skin barrier and has an anti-inflammatory effect.

- **Balloon Vine (Cardiospermum Halicacabum)**
Cardiospermum is effective against itching and allergic skin rashes. It harmonizes and protects irritated skin.
- **Echium Oil – cold pressed power oil**
The stearidonic acid (omega-3 fatty acid) from the echium oil possesses anti-inflammatory properties, protects and strengthens the skin barrier.
- **Unsaponifiable elements of the sunflower**
The unsaponifiable elements of the sunflower oil provide valuable nutritional elements such as phytosterols, tocopherols and squalene.

Scientifically proven effects:

- Rapid skin calming after physical irritation (in-vivo study)
- Strengthening of the skin against chemical influences (in-vivo study)
- Reduction of irritation and redness compared to hydrocortisone and panthanol (in-vivo study)

HYDRO GEL

Soothing Creamy Gel

3-phase operating principle

Vitamin E

Vitamin E helps prevent the appearance of age spots and maintains the skin's oil balance. It also helps strengthen skin barrier function by acting as a skin conditioning agent and preventing transdermal water loss.

NMF-Factors Encapsulated In Liposome

Its cushy formula features a liposome delivery system, which mimics the skin's natural structure, showed an excellent ability to retain water in the system. Replicates the skin's own Natural Moisturizing Factor and boosts the water retention in the epidermis, while maintaining and repairing the skin's protective barriers.

Wheat Germ Oil

A highly-nutritive oil rich in vitamin E, essential fatty acids and antioxidants. Wheat germ oil aids the formulation of new cells, improves circulation and helps repair sun damage. Very beneficial for dry or mature skin, it promotes a smoother, younger looking complexion.

Corn Germ Oil

Natural, nurturing oil with skin-like lipids, restores the balance of oils and moisture. Corn germ oil contains approximately 50% of linoleic acid (omega 6) and is also particularly high in vitamin E and zinc. Both of which are known for their antioxidant properties, and for stimulating new healthy cell growth.

APPLICATION:

Apply to the face and neck after appropriate cleansing. Excellent for day care, especially in the warm season.

HYDRO GEL

Soothing Creamy Gel

SALE IDEAS:

Deep-action moisturizer with intensely soothing effect and anti-irritant protection. Ideal base for makeup. Light, anti-inflammatory care for men.

BEAUTY SPA:

Dr. RIMPLER SENSITIVE Hydro Gel is especially recommended as a light and soothing final care product – also for men. Not suitable for massage.

RESCUE LOTION

Calming spray

REF: 466 (R)

PRESENTATION: 100ml spray bottle

Our SENSITIVE Rescue Lotion is an intensely soothing spray lotion with panthenol and antimicrobial microsilver. A natural cocktail of oily plant extracts enhances the calming effect and provides lasting care. The spray was especially developed for sensitive and allergic skin. Blackcurrant seed oil, balloon vine extract and sunflower-oil concentrate are the ideal combination for bringing the skin's natural protection system back into balance. The perfect SOS product for eczema-prone skin and after depilation.

RECOMMENDED FOR:

For sensitive, allergic skin and eczema-prone skin.

CHARACTERISTIC:

Anti-inflammatory, soothing, calming, antibacterial, redness reduction/anti-irritant and restore and reinforce skin's barrier function.

INGREDIENTS & BENEFITS:

Microsilver BG ®

Microsilver BG ® is an innovative form of pure metallic silver. It is a natural antimicrobial active, supports treatment of irritated and inflamed skin. It is extremely effective, even at a low dosage and has a long-lasting effect (depot and time-release effect).

	Features	Benefits
Regulating	Anti-microbial	Highly against a broad spectrum of germs/ microbes prevents infections
Protective	Anti-bacteria	Kills irritant bacteria, normalizes the skin flora, keeps a healthy bacteria balance
Stabilizing	Anti-inflammatory	Prevents inflammation caused by pathogenic germs, disrupts the multiplication of harmful micro organisms

RESCUE LOTION

Calming spray

DEFENSIL®-PLUS

DEFENSIL®-PLUS is a highly effective first-aid kit to alleviate stressed, sensitive and irritable skin. The outstanding properties of Blackcurrant Seed oil and Balloon Vine extract in combination with Sunflower Oil Concentrate effectively reduce inflammatory processes and replenish the damaged skin barrier.

- **Blackcurrant Seed Oil**
Rich in ω -3/6-Fatty Acids (Stearidonic Acid; γ -Linolenic Acid), strengthens skin barrier and soothes inflammation.
- **Sunflower Oil Concentrate**
High level of unsaponifiable substances (bioactive compounds), rich in essential Fatty Acids (Linoleic Acid) and stabilises skin barrier.
- **Ballon Vine Extract**
Valuable Phytosterols, skin soothing, plant-derived alternative to Hydrocortisone

Scientifically proven effects:

- Nips inflammatory processes in the bud (in-vitro study)
- Reduces allergic reactions (in-vitro study)
- Reduces tissue damage resulting from Mosquito bites (in-vivo study)
- Soothes the skin after shaving and epilation (in-vivo study)
- Protects and regenerates the damaged skin barrier (in-vivo study)
- Improves the quality of life of those suffering from atopic Eczema (in-vivo study)

Panthenol

Is a form of Vitamin B5, is mostly used as a humectants, a substance that helps retain moisture. Panthenol's molecular structure allows it to attract moisture from the atmosphere and bind to water molecules, so helps moisturize skin and stop from getting dehydrated.

APPLICATION:

Spray SENSITIVE Rescue Lotion onto the affected areas with a pumping action. Ideally always have it with you for use several times a day if necessary.

SALE IDEAS:

- For eczema-prone skin.
- For anti-irritant care after depilation.
- Trusty companion for anyone with sensitive skin.

BEAUTY SPA:

Integrate into a SENSITIVE treatment as an SOS product. After depilation, spray immediately onto the affected areas to prevent irritation.

CREAM NANOSENSITIVE FORTE

Repairing special care

REF: 467 (R) **PRESENTATION:** 50ml tube

For inflamed and acute skin conditions, it is important to treat not only the itching and burning but also their effects on the skin. Scratching damages the skin barrier and destroys the hydrolipid film, thereby making areas of skin vulnerable to attack by microorganisms and other harmful substances. This is exactly where preservative-free and fragrance-free Cream Nanosensitive Forte comes in. Cream Nanosensitive forte is identical to Emulsion Nanosensitive in its basic effect and composition; however, it contains higher concentrations of oil and active substances and a novel ferment extract from *Pseudoalteromonas*, a bacterium that originates from the Antarctic. This biologically produced extract causes a restructuring of scarred skin tissue in inflamed areas. Furthermore, it reduces inflammatory processes and ensures that the skin regains its adaptability and resistance to irritation.

RECOMMENDED FOR:

For the delicate, extremely sensitive and atopic skin.

CHARACTERISTIC:

Preservative & fragrance-free, cream on a natural-identical and biomimetic base, moisturizing, anti-inflammatory, anti-microbial, antioxidative and reduces the TEWL.

INGREDIENTS & BENEFITS:

Nanopearls Hemp® (Lipid Nanoparticles With Hemp Oil & Squalane)

Supports the skin step by step with unsaturated fatty acids and oils, reduces the TEWL (transepidermal water loss) and avoiding of external noxae.

Ximenia Americana Seed Oil

Has a powerful hydraulic locks, the lock water barrier of skin, while to increase the sebum organizational structure, reduce the inflammation and sensitive.

Kudzu Extract

It acts as antihistamines, which block the histamine receptors and thus prevents the development of allergic reactions. Offers free radical scavenging, enhances procollagen synthesis in fibroblasts and improves skin tone, skin brightening and elasticity.

CREAM NANOSENSITIVE FORTE

Repairing special care

Defensil®

A multifunctional active ingredient mixture for sensitive skin. Defensil® protects the skin barrier and has an anti-inflammatory effect.

- **Balloon Vine (Cardiospermum Halicacabum)**
Cardiospermum is effective against itching and allergic skin rashes. It harmonizes and protects irritated skin.
- **Echium Oil – cold pressed power oil**
The stearidonic acid (omega-3 fatty acid) from the echium oil possesses anti-inflammatory properties, protects and strengthens the skin barrier.
- **Unsaponifiable elements of the sunflower**
The unsaponifiable elements of the sunflower oil provide valuable nutritional elements such as phytosterols, tocopherols and squalene.

Scientifically proven effects:

- Rapid skin calming after physical irritation (in-vivo study)
- Strengthening of the skin against chemical influences (in-vivo study)
- Reduction of irritation and redness compared to hydrocortisone and panthanol (in-vivo study)

3-phase operating principle

Antarcticine® (Pseudoalteromonas Ferment Extract)

A Glycoprotein from the Antarctic Sea with cryoprotective, restructuring and anti-wrinkle properties.

- Helps the skin retain water, preventing cutaneous dryness.
- Presents a cryoprotective effect due to its ability to modify the morphology of ice crystals.
- Stimulates fibroblast adhesion and keratinocyte growth, regenerating tissues and enabling a faster healing of wounds.
- Increased collagen type I and IV, as well as elastin, resulting in a restructured skin and a reduction in wrinkles.

Repairing special care

Microsilver BG ®

Microsilver BG ® is an innovative form of pure metallic silver. It is a natural antimicrobial active, supports treatment of irritated and inflamed skin. It is extremely effective, even at a low dosage and has a long-lasting effect (depot and time-release effect).

	Features	Benefits
Regulating	Anti-microbial	Highly against a broad spectrum of germs/ microbes prevents infections
Protective	Anti-bacteria	Kills irritant bacteria, normalizes the skin flora, keeps a healthy bacteria balance
Stabilizing	Anti-inflammatory	Prevents inflammation caused by pathogenic germs, disrupts the multiplication of harmful micro organisms

APPLICATION:

Morning and evening or several times daily, apply to the affected areas of the skin. Ideal combination with the Emulsion Nanosensitive.

BEAUTY SPA:

Recommended as a post treatment care after micro dermabrasion.

EMULSION NANOSENSITIVE

Repairing special care

REF: 468 (R) **PRESENTATION:** 50ml tube

BSB Innovation Prize 2010 Emulsion Nanosensitive / Silver

Fragrance and preservative-free face and body care system for especially sensitive and allergy-prone skin. The emulsion, which is based on nature-identical lecithin and selected plant oils rich in unsaturated fatty acids, immediately replaces lipids in dry and inflamed skin. Micronized silver progressively reduces the inflammatory processes and prevents recontamination of the inflamed areas through its antibacterial effect. Hemp oil-loaded lipid nanoparticles (NLC) gradually supply the skin with this natural treasure, protect the skin from external harmful substances and significantly reduce TEWL. The multifunctional active substance Defensil®, an anti-inflammatory, anti-microbial active substance combination made from phytohormones and omega-3 fatty acids, enhances the care concept.

RECOMMENDED FOR:

- For sensitive skin inclining to allergies.
- For face and body.

CHARACTERISTIC:

Free of preservatives and fragrances, emulsion on a nature-identical and biomimetic base, moisturizing, anti-inflammatory, protects against new inflammations, anti-microbial, antioxidant and reduces the TEWL.

INGREDIENTS & BENEFITS:

Nanopearls Hemp® (Lipid Nanoparticles With Hemp Oil & Squalane)

Supports the skin step by step with unsaturated fatty acids and oils, reduces the TEWL (transepidermal water loss) and avoiding of external noxae.

Ximenia Americana Seed Oil

Has a powerful hydraulic locks, the lock water barrier of skin, while to increase the sebum organizational structure, reduce the inflammation and sensitive.
