

CREAM AQUA ENERGY

Vitalizing moisturizing care

REF: 476 (R) **PRESENTATION:** 50ml jar
476.1 (C) 200ml tube

Intensive moisturizing 24-hour cream with hyaluronic acid and a vitalizing algae extract to activate the metabolism of the skin.

RECOMMENDED FOR:

For dry skin, mature/demanding skin and normal skin.

CHARACTERISTIC:

Moisturizing, stimulating, vitalizing and energizing.

INGREDIENTS & BENEFITS:

Laminaria Digitata Extract

Also known as Oarweed and Tangleweed, is a golden-brown seaweed you find in the North Atlantic Ocean. It is composed of a polysaccharide (marine sugar), amino acids, minerals and trace elements, essential components of the NMF (Natural Moisturizing Factor). These extracts help restructure the hydrolipidic film and improve moisture retention in the skin. Cell booster, which stimulates ATP synthesis to combat tired and dull skin; increases cell activity, rejuvenating and slowing the cell's aging process. They stimulate collagen production and provide a lifting effect.

Silanol (Methylsilanol Mannuronate)

Silanols are organic derivatives of silicon, ours are extracted from laminaria, brown algae. Methylsilanol Mannuronate binds moisture in the epidermis and provides long-lasting moisturising properties that help to combat the deterioration of collagen and elastin fibers in skin therefore firming and strengthening the skin. It is also known to act as an antioxidant to actively fight free radicals and prevent premature skin aging.

Dipeptide (Aspartyl-Arginine)

Natural dipeptide from blue-green algae acts like a natural retinoid that smoothes the skin and has been clinically proven to reduce fine lines and wrinkles with regular use. It stimulates the vitality and proliferation of skin cells and also has a strong anti-aging effect.

CREAM AQUA ENERGY

Vitalizing moisturizing care

Hyaluronic Acid

A naturally occurring polysaccharide, acts as a “molecular sponge” trapping and holding water up to a thousand times its own weight and supports collagen fibers and structural proteins to keep skin plump and youthful.

Shea Butter

Contains essential vitamins A, E & F for healthy skin, evens skin tone, returns luster to the skin, moisturizes and maintains skin moisture, protects the skin barrier, restores firmness, keeping skin clear and smooth, and soothes skin irritation.

Jojoba Oil

Jojoba oil recommended in all cases of premature skin aging and also for dry skins which have the tendency to wrinkles and stretchmarks due to the skin being thinner. Jojoba oil is an extraordinary beauty elixir because it is rich in lipids which have an affinity for the skin due to its linear structure.

APPLICATION:

Apply daily in the morning and/or in the evening to cleaned skin of face, neck and décolleté.

BEAUTY SPA:

Vitalizing final care. Limited suitability for massage. With very dry skin, possibly enrich the cream with a little PROFESSIONAL MED Universal Lipid Complex.

SALES IDEAS:

Feel the effect of this energy bomb! This soft cream is an activating and intensively moisturizing 24 hours care product for dry and demanding skin. It stimulates skin metabolism and reduces the deepness of wrinkles.
