

TONIC AQUA FRESH

Vitalizing tonic

REF: 459 (R) **PRESENTATION:** 200ml bottle
459.1 (C) 500ml bottle

The CUTANOVA FACE SPA is used to refresh and tone the skin after cleansing. Special active ingredients already have a moisturizing and soothing effect at this early stage of facial care. At the same time they stabilize the protective acid mantle and help prevent alkaline damage.

RECOMMENDED FOR:

For combination skin, dry skin, mature/demanding skin and normal skin.

CHARACTERISTIC:

Mineralizing, refreshing and stabilizing skin barrier.

INGREDIENTS & BENEFITS:

Antileukine 6

Isolated from the Laminaria ochroleuca, similar to brown algae, but from shallow water.

- a) Effect in epidermal structure:
 - Reduction of "sun burn cells"
 - Support of physiological hydro lipid balance
- b) Effect on dermal structures:
 - Collagen and GAG stimulation
 - Consolidation of the epidermis-dermis connection
- c) Anti-photo-aging

Silanol (Methylsilanol Mannuronate)

Silanols are organic derivatives of silicon, ours are extracted from laminaria, brown algae. Methylsilanol Mannuronate binds moisture in the epidermis and provides long-lasting moisturising properties that help to combat the deterioration of collagen and elastin fibers in skin therefore firming and strengthening the skin. It is also known to act as an antioxidant to actively fight free radicals and prevent premature skin aging.

Dead Sea Salt (Maris Sal)

Dead Sea Salt differs from regular sea salt in that it has a much lower sodium content, balanced by minerals that feed and nourish the skin and body. One of the main benefits of Dead Sea Salt is its ability to increase blood circulation at the skin's surface, which aids its cellular renewal and encourages the release of toxins. It reduces wrinkles,

TONIC AQUA FRESH

Vitalizing tonic

reduces inflammation in atopic dry skin, improves skin barrier function and enhances skin hydration.

APPLICATION:

Apply morning and evening with a cotton pad on the cleansed skin.

BEAUTY SPA:

Apply to the skin with a cotton pad after exfoliating or after every cleanse. Recommended after every cleansing process during a cosmetic treatment.

SALES IDEAS:

The tonic strengthens the skin barrier, completes the cleansing process and prepares the skin for an optimal penetration of further active ingredients.
